### **ELIGIBILITY AND SCHEDULE OF CLASSES**

In the following definition of classes First prizes or other prize wins are those gained in standard classes in any Kennel Club licensed Open Agility Show (i.e. limited agility shows, special classes and invitation event excepted). Only a first place with a clear round will count towards grade progression. Societies may schedule classes other than those defined below. The eligibility for 'special' classes must be defined by the society and included in the schedule. The word 'special' must be included in the title of the class.

Agility classes to include contact points and jumping classes where there are not contact obstacles. With this proviso classes are defined as follows:

**Class Structure** - A class may either be held as a graded or as a combined class. A graded class may be scheduled for one or more consecutive grades with separate results and awards issued for each grade. A combined class may be scheduled for more than one consecutive grade with one overall set of results.

**Progression** - Progression from each grade will require one agility win or three jumping wins at that grade, except that progression from grade six will require four wins at grade six, two of which must be agility classes. Results from combined classes will only count towards progression from the dogs current grade.

**Points Progression** - At the handlers discretion, a dog may progress up to grade five by winning 75 points at each grade using the Agility Warrant point scheme, regulation K3.C refers, except that there is no require for a minimum number of agility points. If this method of progression is selected, the handler must ensure the Show Secretary signs the dogs Agility Record Book at the first show entered at the higher grade. There is no time limit on this progression, however, once a dog has progressed, it can not return to a previous grade.

### **Eligibility:**

In accordance with Kennel Club Rules, large dogs who have not competed before 1<sup>st</sup> January 2006 and ALL Small and Medium dogs must have been officially measured before competing at a Kennel Club licensed agility show.

### **Regulation H(1)(A).9 – Standard Classes:**

Only first prizes and points gained in standard classes at Kennel Club licensed Agility Shows may be used for progression through the classes. (A dog is only eligible for one grade). In defining the eligibility of the owner or handler for Grade 1, the three jumping wins and points progression referred to in the definition apply only to one dog and not an accumulation of dogs.

### THE TEAM DASH Competition Rules 2010

The 'Team Dash' is a competition for teams of four dogs and handlers, run as a relay over a simple jumping course. It is designed as a sprint event with spectator appeal; accessible to all grades of handlers and all heights of dogs. Teams of four large, four medium or four small dogs run over the same course at their own height, under identical conditions.

There are ten qualifying heats. The top two teams from each heat, regardless of height, qualify for a final comprising of twenty teams at Dashin' Dogs August show 2011. Any shortfall of teams (heats lost due to show cancellation etc) will be made up with qualifying teams from Dashin' Dogs August show 2011.

**It is a requirement of this competition that the course contains no traps, and is of 'fast and flowing style'.** A simple course such as a figure of eight, or a largely circular or helter-skelter style course is most appropriate.

1. The competition is classified under Kennel Club Regulations as Combined Grades 1 to 7 and Special, and will be held under KC Rules and Show Regulations H & H1 as in force at the date of the competition. Additional rules apply as described below. Competitors entering this Competition are deemed to have agreed to abide by these rules.
2. If the entry for a heat exceeds the KC limit for a judge in a day then the class will be equally and randomly split and another judge appointed for the second part. The winning team from each part will be regarded as the two qualifying teams from that heat.
3. All teams must consist of four dogs of the same height classification, handled by four separate handlers. Conditions remain the same for all teams except that the height of equipment will be appropriate to the height of the team of dogs competing.
4. Additions or substitutions to teams (handlers or dogs) are permitted, provided that (i) the substitute(s) is/are already entered in the heat (as a team member or reserve) (ii) rule (5) is not breached and (iii) alterations to teams are made before the run.
5. Handlers may compete in more than one team in a heat, providing they handle a different dog in each team. In the event of a handler being in both qualifying teams then their highest placed team will be deemed to have qualified. Dogs may only compete in one team in any given heat.
6. The course must contain two changeover lines, clearly marked on the ground, each with a minimum gate width of 4m. Dogs 1 & 3 start behind line A and finish behind line B. Dogs 2 & 4 start behind line B and finish behind line A. (Handler 1 may use a recall start). The inward and outward courses can be different, but both dogs from behind the same line must run the same course.
7. The course each dog is required to negotiate shall contain no less than 14 and no more than 20 obstacles.
8. This is a relay event and two suitable batons must be provided. All baton changes must be completed with the handlers and dogs behind the appropriate changeover line. Failure to comply with this, or an incorrect baton change (i.e. throwing or dropping the baton at changeover) will incur a penalty of 50 points on each occasion. Stewards may be appointed by the judge to adjudicate changeovers if required.

9. For each dog an elimination on the course incurs a single penalty of 100 points, however the judge will continue to mark any further faults on the remainder of the course and the faults of any remaining dogs.
10. The team with the fastest time and the least faults, wins. The top two teams from each heat qualify for the final. Once qualified, neither handlers nor dogs may compete in the remaining heats for that season except as Not For Competition. (N.F.C.)

### **Class 30 - Sylvia Grimmitt Memorial Cup (Large Grade 1 Jumping)**

Sylvia Grimmitt was an active member of Prestbury Park DATC with her two boys, Floyd and Marvin. She loved dogs, especially her two border collies, and enjoyed everything that came with agility whether it be training in the cold, attending league matches with her extra positive attitude and getting up at the crack of dawn to walk a course. Sylvia was a wonderful lady and loved dearly by all at Prestbury Park - she touched everyone she met. She worked very hard at our first KC Show in September 2008 before becoming very ill soon after. Sylvia passed away March 2009 and is terribly missed by all. Sylvia loved fast and furious classes with her crazy collies, especially those without weaves to slow them down! This class is dedicated to Sylvia and the winner of the class will receive a perpetual trophy, sponsored by GGT Lettings Ltd, Cheltenham, where Sylv was their longest serving employee.

### ***Class 45 and 46 PAIRS RELAY***

The course must include: weaving poles, pipe tunnel and collapsible tunnel. No contact point obstacles to be used. Handlers may enter more than one dog in this class.
