

Windbreak Leisure

QUALITY WINDBREAKS

It is 9 years since I designed our first windbreak over the years we have made a number of improvements but this year we have implemented **a new support system** to eliminate the potential health and safety risk of having 5ft aluminium poles jutting out in the gangways.

No compromise on quality the cheap copies do not even come close please be assured this is my design a British product manufactured by Windbreak Leisure.

Each windbreak is made for you and can include motor home – caravan skirts any size larger gates or turns

If you need a recommendation just ask any of our customers.

We will be exhibiting at a few caravan-motor home shows this year or you can contact me on 01159203201 or 07973986221 a big thank you to all our customers who continue to recommend our windbreaks
