## KENNEL CLUB / PEDIGREE AGILITY COMPETITIONS 2009

If the entry for the heat exceeds the Kennel Club limit for a judge in a day, then the class will be equally split and another judge appointed for the second part. Qualifiers and reserves from that heat will be taken in equal proportion from each part, giving the total number originally required from that heat. Rosettes and awards remain unchanged if the heat is split.

### PEDIGREE LARGE DOG TEAM RELAY

This is an Agility Competition and must include at least two items of contact equipment. All teams must consist of four dogs with separate handlers. Any number of teams from clubs may compete in heats, but only one team from each club may qualify for the final. This competition will be classified as a combined class for Grades 1 to 7.

This is a team relay event and a suitable baton should be used which must remain behind the start line at all times. When the dog/handler returns to the start/finish, there will be a baton change between handlers. No part of the next dog/handler must be over the start line; failure to observe this will incur a penalty of twenty points. The winning team from each heat will qualify for the final. Ten teams will compete in the final. Dogs eligible to compete in competition for Large dogs are those measuring over 430mm (1ft 5inches) at the withers.

Handlers may compete in more than one team for the same club; however, they must handle a different dog in each team. Once a club has qualified a team for the final, that club cannot compete for competition in any remaining heats for that year. Once a handler/dog has qualified for the final of this event, he/she may not compete in any more of the heats for competition in the same year. Only handlers and dogs who are members of the original team, or named as reserves on the entry form, will be allowed to compete in the final at the organiser's discretion (exceptional circumstances)

### THE KENNEL CLUB LARGE DOG AGILITY STAKES Supported by Pedigree

Competitors may enter more than one dog in a heat. Competitors may qualify more than one dog for the semi-final. Only one dog may qualify for the final (the first dog qualified at the semi-final). Once a dog has qualified for the final/semi-final, further heats may be entered for competition although any placings in these further heats will not effect the dog's eligibility for the final/semi final. The first ten dogs from each heat will go forward to the semi-finals at the Royal Show at Stoneleigh, The Kennel Club International Agility Festival and the City of Birmingham Championship Dog Show. Twenty dogs will compete in each of the semi-finals with the first five from each semi-final going through to the final at Olympia. The thirty five dogs who qualify for Olympia will be invited to compete in a further semi final at Olympia. The top ten highest placed dogs in the Olympia semi final will qualify for the final at Olympia. Those dogs eligible to compete in competition for Large dogs are those measuring over 430 mm (1ft 5") at the withers.

This competition will be classified as combined Grade 6 & 7 and judged under the Kennel Club regulations for standard classes.

### THE KENNEL CLUB OLYMPIA MEDIUM DOG AGILITY STAKES Supported by Premier Agility Equipment

This competition will be classified as combined Grades 1 to 7 and judged under the Kennel Club regulations for standard classes.

Competitors may enter more than one dog in a heat and may qualify more than one dog for the semi-finals. Handlers may only qualify one dog for the final which will be the highest placed dog at the semi-final. Once a dog has qualified for the semi -final/final, further heats may be entered for competition although any placings in these further heats will not effect the dog's eligibility for the final/semi final. The first two placed dogs from each heat will be invited to compete in the semi-finals which will be held at the Kennel Club International Agility Festival. The first ten highest placed dogs at the semi-finals will be invited to compete in the finals to be held at Olympia. Those dogs eligible to compete in Medium dog competition for Small Dog Agility are those measuring over 350mm (1ft 13/4inches) and those measuring 430mm (1ft 5inches) or under at the withers and eligible to compete in combined Grades 1 to 7 for Medium dogs.

### THE KENNEL CLUB OLYMPIA SMALL DOG AGILITY STAKES Supported by Pedigree

Competitors may enter more than one dog in a heat. Competitors may qualify more than one dog for the semi-final. Only one dog may qualify for the final (highest placed dog at the semi-final). Once a dog has qualified for the final/semi-final, further heats may be entered for competition, although any placings in these further heats will not effect the dog's eligibility for the final/semi final. Those dogs eligible to compete in competition for Small Dog Agility are those measuring 350mm (1ft 13/4 inches) or under at the withers

First and second placed dogs from the heats will go forward to the semi-final at the City of Birmingham Championship Show. The first ten will qualify for the final at Olympia. This competition will be classified as Small Dog combined Grades 1 to 7 and judged under the Kennel Club regulations for standard classes.

### CRUFTS Singles Agility Competition

These competitions will be scheduled as a combined class for grades 6 & 7 for all height categories. There will be a separate qualifying competition for each height category.

There will be 10 separate heats for each height category, (small, medium, large) held at Kennel Club licensed shows, throughout the country.

The first 10 placed dogs in each heat will have the following points awarded:

1<sup>st</sup> place = 10 points, 2<sup>nd</sup> place = 9 points etc. down to 10<sup>th</sup> place = 1 point.

In the event of awards not going down to 10<sup>th</sup> place the Show Secretary will record the top ten places excluding eliminated dogs and send the results to the Crufts Office at the Kennel Club within 14 days of the show.

Competitors may enter more than one dog in a heat. Competitors may qualify more than one dog for the final.

The 16 large dogs with the highest accumulation of points will be invited to compete in the CRUFTS Singles Large Agility Final at CRUFTS 2010.

### CRUFTS Team Agility Competition

This is an Agility competition and must include at least two items of contact equipment.

This is a team relay event and a suitable baton should be used which must remain behind the start line at all times. When the dog/handler returns to the start/finish, there will be a baton change between the handlers. No part of the next dog/handler must be over the start line at the change over; failure to observe this will incur a penalty of twenty faults.

These competitions will be scheduled as a combined class for grades 1 to 7 for all height categories. There will be a separate qualifying competition for each height category. There will be up to 8 separate heats for each height category, (small, medium, large) held at Kennel Club licensed shows, throughout the country.

Each team will consist of 4 dogs, with 4 handlers from the same height category.

The winners of each heat will be invited to CRUFTS 2010 to compete in the Small, Medium and Large Finals. In the event that the winning team or club in a heat has already qualified for the final then the highest placed unqualified team in that heat will be invited to the final at CRUFTS. Only dogs entered as a reserve at the qualifying event will be permitted to compete in the final should a change of dog be necessary.

This event is open to Kennel Club Registered Clubs with an interest in agility, all team members must be members of the club at the time of qualifying for the CRUFTS Teams Final.

Clubs may only qualify 1 (one) team in each height category for the final at CRUFTS 2010.
